Does your dog become reactive when another dog is on course?  
Do you have an easily distracted dog that does great in class but  
can't control their excitement at trials?*

## C. U. In Focus In Agility

*A Click Your Heels class for agility enthusiasts!!*

Agility sequences will be set up to address the problems that may cause your dog stress or to disengage and lose focus. We work on exercises that are designed to keep your dog

IN FOCUS even though there may be a dog in the ring zooming through a tunnel.

Exercises include some of the work from the **Control Unleashed** program by Leslie McDevitt, as well as the **In Focus** program by Deb Jones. The class is designed to help dogs learn to relax and stay in focus even when they are off leash in a stressful environment.
