🐾 Continuing to socialize and train your puppy will help you through the adolescent stage. Keeping up with consistent training helps prevent behavior problems later.

🐾 If you stop training during adolescence your puppy can backslide, become wary and fearful of strangers, other dogs and forget he ever learned sit, down, come, stay etc

This class is for Puppy 1 grads or pups who have already taken some type of puppy kindergarten class. We will introduce clicker training, heel, stand, and go to your place. We continue to practice sit, down, come, stay and loose leash walking. Intro to agility and Rally Obedience will be included and playing games and teaching tricks help make learning fun. If puppies are compatible, we will have off leash playtime.
