It feels GREAT to have a dog with good manners  
who can be part of a therapy dog program!

*Let us help you and your dog to develop those skills  
And learn to work successfully as a team.*

Maybe you've thought about volunteering at a library, nursing home, or hospital with your dog  
But you don't know how to get started.

Perhaps you are already visiting with your dog but would like to do more.

This class will bust some myths about animal assisted therapy -

Show you how to get started as a volunteer team -

And expand your existing skills for different settings.

It's a WIN-WIN training opportunity...

*AND* your chance to have a dog that gives his heart and soul to those in need.
